Ref: 2018 Proficiency Test for Dourine serological diagnosis.

Dear Teótimo Becú,

Please find enclosed the samples to be tested in the « Proficiency Test for Dourine serological diagnosis », as well as the forms that you will need to submit as a participant to this trial.

As soon as you receive this parcel, please send back the « Acknowledgement of Receipt » form, duly signed, by fax, e-mail or post mail (contact address on the form).

The « Result form » enclosed, should be filled out and sent back to PT coordinator by July 6th, 2018.

Please perform the tests as you usually perform it in your lab, and under your usual working conditions.

The parcel contains 20 lyophilized serum vials (white caps) and 1 lyophilized serum vial (purple cap – batch 180515). The purple cap serum has been produced for a development purpose therefore your results obtained on this serum will not be analyzed to rule the performance of your lab in the Dourine PT.

Do not hesitate to contact us if you need require any further information.

Yours sincerely,

Inter Laboratory Proficiency Trial
Coordinator
